**TO THE ORGANISING TEACHER:**

Please read the Teachers Guide 2017 prior to completing this form so that your pupils get the most from an educational visit to the GTM. On average a visit inside the main exhibition (using worksheets, having a talk or doing specific project work) takes approximately 1½ to 2 hours. If you are bringing a large group of mixed ages and book well in advance, it should be possible to arrange several concurrent activities i.e.. Story of Car Talk and Artefacts Handling Session. Please contact us for further information if you are unsure of any aspect of the booking procedure. We would be pleased to discuss your requirements.

You are very welcome to stay longer if extra project work is to be undertaken and no other bookings have been made but **please try to keep to the timings that you have indicated on this form**. The area outside the museum can be used before, after or during your visit for picnic lunches, snacks or just to let off steam.

***Please return this completed form to the Museum Office at the address above. Thank you.***
